

### Fund Description

The portfolio offers investors stable, smoothed returns with a partial guarantee on benefit payments (death, disability, resignation, retrenchment and retirement). A non-negative bonus is declared monthly in advance, which consists of a vesting and non-vesting component. The Stable Bonus Portfolio may be used as a default investment portfolio for retirement fund members and complies with the conditions set out in the FSCA Conduct Standard 5 of 2020 (RF). The Portfolio comply with the provisions of Regulation 28, issued under the Pension Funds Act (Act No. 24 of 1956), as amended.

### Total Investment Cost (TIC)\*

Total Expense Ratio (TER)	Transaction Costs (TC)	Total Investment Charges (TER + TC)
1.487%	0.080%	1.567%

The TER was incurred as expenses relating to the administration of the Financial Product. The TC was incurred as costs relating to the buying and selling of the assets underlying the Financial Product. The TIC was incurred as costs relating to the investment of the Financial Product. A higher TER does not necessarily imply a poor return, nor does a low TER imply a good return. The current TER may not necessarily be an accurate indication of future TER's.

The TER shown above is based on the highest fee tier where applicable and is calculated as at 31 March 2026. Fees are inclusive of any VAT.

Inclusive in the TER of 1.487%, a guarantee premium of 0.9% and a performance fee of 0.000% were recovered.

\* Numbers lagged by a quarter.
