

# Amplify SCI SA Flexible Equity Fund

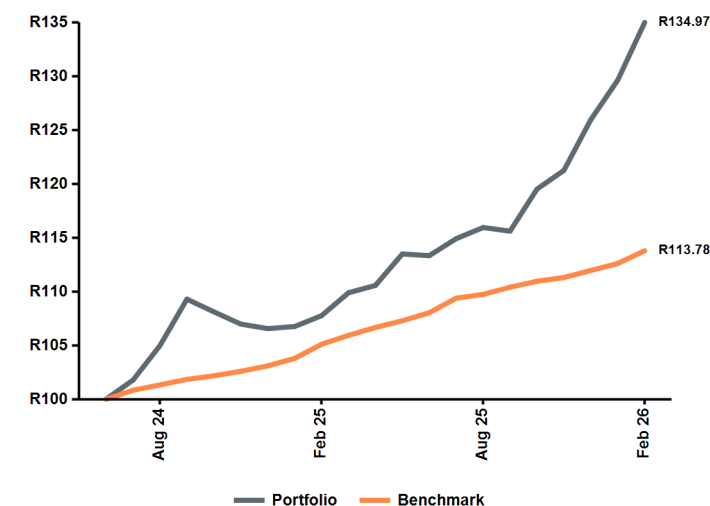

Minimum Disclosure Document | B1 Class

February 2026

## Why invest with this solution?

- Designed to deliver long-term capital growth through asymmetric equity market participation – meaningful participation in rising equity markets, with reduced participation in market downturns
- Seeks to deliver returns in excess of CPI + 5% over a 3-5 year period
- Diversifies across all major South African asset classes
- Unconstrained by Regulation 28, allowing greater flexibility
- Managed by a nimble asset manager that adapts to changing market conditions

## Investment growth since inception

The investment performance is for illustrative purposes only and is calculated by taking the actual initial fees and all ongoing fees into account for the amount shown. Income is reinvested on the reinvestment date.

Annualised returns (%)	Fund	Benchmark
Since inception	18.69	7.96
5 Year	N/A	N/A
3 Year	N/A	N/A
1 Year	25.26	8.26
Year to date	7.16	1.64

An annualised rate of return is the average rate of return per year, measured over a period either longer or shorter than one year, such as a month, or two years, annualised for comparison with a one-year return.

Risk statistics since inception (%)	Fund	Benchmark
Maximum drawdown	-2.50	
Positive months	75.00	
Annualised monthly volatility	5.90	
Sharpe ratio (Ann)	2.07	
Highest annual return	25.26	8.60
Lowest annual return	5.78	7.81

The highest and lowest 12-month returns are based on a 12-month rolling period over 10 years, or since inception where a 10-year performance history does not exist.

## Fund objective

Actively managed portfolio aims for capital growth by diversifying across various asset classes and adjusting these allocations based on evolving economic and market conditions. It typically has a high proportion of growth assets and extensively employs hedging strategies to minimize downside risk. The portfolio includes liquid assets, non-equity securities, fixed interest securities, preference shares, property, and equity securities. It may also invest in both listed and unlisted financial instruments, but it is restricted from holding any offshore assets.

Manager annual fee (excl. VAT)	0.95
Total Expense Ratio (TER)	1.12
Transaction Costs (TC)	0.67
Total Investment Charge (TIC)	1.79

All fees include VAT except where specified.

Advice Fee: Any advice fee is negotiable between the client and their financial advisor. An annual advice fee negotiated is paid via a repurchase of units from the investor.

TER PERIOD: 04 June 2024 to 31 December 2025

Total Expense Ratio (TER) | 1.12% of the value of the Financial Product was incurred as expenses relating to the administration of the Financial Product. A higher TER does not necessarily imply a poor return, nor does a low TER imply a good return. The current TER may not necessarily be an accurate indication of future TER's. Inclusive in the TER of 1.12%, a performance fee of 0.00% of the net asset value of the class of Financial Product was recovered.

Transaction Cost (TC) | 0.67% of the value of the Financial Product was incurred as costs relating to the buying and selling of the assets underlying the Financial Product. Transaction Costs are a necessary cost in administering the Financial Product and impacts Financial Product returns. It should not be considered in isolation as returns may be impacted by many other factors over time including market returns, the type of Financial Product, the investment decisions of the investment manager and the TER.

Total Investment Charges (TER + TC) | 1.79% of the value of the Financial Product was incurred as costs relating to the investment of the Financial Product.

Effective 1 December 2024, SCI will charge a monthly administration fee of R23 (VAT Inclusive) on retail investors whose total investment value is less than R50 000. Clients with an active recurring monthly debit order will not be levied this fee.

This fund qualifies as a tax free investment according to section 12T of the Income Tax Act, with effect from 1 March 2015. South African individuals qualify for the associated tax benefits namely no tax on dividends, income or capital gains whilst still enjoying all the benefits of a unit trust. Note contributions to tax free investments are limited to R36 000 per tax year, with a lifetime limit of R500 000. Amounts invested in excess of these permissible thresholds are taxable.

The portfolio manager may borrow up to 10% of the market value of the portfolio to bridge insufficient liquidity. Fluctuations or movements in exchange rates may cause the value of underlying international investments to go up or down.

The Sanlam Group is a full member of the Association for Savings and Investment SA ("ASISA"). Collective investment schemes are generally medium- to long-term investments. Please note that past performance is not necessarily a guide to future performance, and that the value of investments / units / unit trusts may go down as well as up. A schedule of fees and charges and maximum commissions is available from the Manager, Sanlam Collective Investments (RF) (Pty) Ltd, a registered and approved Manager in Collective Investment Schemes in Securities. Additional information of the proposed investment, including brochures, application forms and annual or quarterly reports, can be obtained from the Manager, free of charge. Collective investments are traded at ruling prices and can engage in borrowing and scrip lending. Collective investments are calculated on a net asset value basis, which is the total market value of all assets in the portfolio including any income accruals and less any deductible expenses such as audit fees, brokerage and service fees. Actual investment performance of the portfolio and the investor will differ depending on the initial fees applicable, the actual investment date, and the date of reinvestment of income as well as dividend withholding tax. Forward pricing is used. The Manager does not provide any guarantee either with respect to the capital or the return of a portfolio. The performance of the portfolio depends on the underlying assets and variable market factors. Performance is based on NAV to NAV calculations with income reinvestments done on the ex-dividend date. Lump sum investment performances are quoted. The portfolio may invest in other unit trust portfolios which levy their own fees, and may result in a higher fee structure for our portfolio. All the portfolio options presented are approved collective investment schemes in terms of the Collective Investment Schemes Control Act, No 45 of 2002 ("CISCA"). The fund may from time to time invest in foreign countries and therefore it may have risks regarding liquidity, the repatriation of funds, political and macroeconomic situations, foreign exchange, tax, settlement, and the availability of information. The Manager has the right to close any portfolios to new investors to manage them more efficiently in accordance with their mandates. A copy of the Performance Fee Frequently Asked Questions can be obtained from our website: [www.sanlaminvestments.com](http://www.sanlaminvestments.com). The portfolio management of all the portfolios is outsourced to financial services providers authorised in terms of the FAIS Act, 2002. Standard Bank of South Africa Ltd is the appointed trustee of the Sanlam Collective Investments Scheme.
